Dear Dr. Kennedy:-

I am very glad to know that the picture arrived in good condition.

As per your request, will say that I was a member of the first faculty of Bowling Green State Normal College. I was appointed as music director, September 1914. This was the time when first classes started. I was appointed by the first President, Dr. Homer B. Williams.

Thanking you for your thoughtfulness, I remain

Sincerely yours

Dr. James P. Kennedy
Director
School of Music
Bowling Green State University

Dear Paul:

Belated though this letter of congratulations be, it nonetheless brings my appreciation to you and to those of your staff and student body who labored so diligently and brilliantly to make the latest edition of the Opera a smashing success. In the future, I wish you wouldn't run the administrative aspects of the production always to the brink as you seem to like to do, since I don't especially enjoy cliff hangers when I have to get into the act.

Anyhow, again, congratulations.

Cordially,

Wm. Travers Jerome III

MEMORANDUM

FROM: Paul E. Moyer

Recently we purchased a house located at 609 East Reed. The house is now vacant and available for whatever use the appropriate authorities agree to.

The owner has the privilege of removing whatever shrubbery he desires. Therefore, no shrubbery should be moved for at least another three weeks, which would allow Mr. DeSmith to obtain that which was agreed upon.

The keys to this property will remain in my possession until a designated use of this structure has been made.
