# Master Priority List of University Projects

---

**Priority/Tier 1** – High Priority – must do what we can to meet this date but not at the expense of ASAP

**Priority/Tier 2** – Medium Priority – if the due date slips to meet higher priorities - that is OK

**Priority/Tier 3** - Low Priority – work on when we can

**Enhancements** – nice to have - limited work effort used to fill in between projects

**Process for moving a project from one priority to another- up or down** – Any member of the Executive Sponsors may raise the question as the priority of any project and recommend that the project be re-evaluated or any other priority. A vote of the members present will determine the priority

**Portfolio** - This is the group of individuals responsible for delivering the project. This helps show how many projects are in one group's portfolio.

**DIG** – Digital Team    **HR** – HR Team    **FIN** – Finance Team    **CS** – Student Team    **ACD** – Academic Team    **AUX** – Auxiliary Team    **BI** - Business Intelligence Team

**HD** - Help Desk Team    **DT** – Desktop Team    **CT** – Classroom Team    **PMO** -Project Management/intake

**NET** - Network Team    **SEC** – Security Team    **SYS** – System Team    **DB** – Data Base Team
