Financial Responsibility, Student Bills, Payments

Each student is financially responsible for payment of fees and charges assessed to his/her student account. Students receive bill notifications electronically via their Bowling Green State University e-mail address. Payment of fees is due by the specified published due dates. Accounts must be kept current in order to maintain enrollment eligibility and receipt of official University documents and services (i.e. transcripts).

The student's University e-mail address is the official means of communication with the students. Students may grant parents, grandparents, guardians, etc. access to their on-line bills through CashNet (third party payment servicer). Students must log on to [MyBGSU](#)>Navigate to Students>Select Financials>Select View Bill & Make Payment>Parent PINs.

The University accepts certified check, personal check, money orders, and electronic payment (Visa, MasterCard, American Express, Discover cards, and debits to checking or savings accounts). A convenience fee is assessed on all credit/debit card transactions. It is recommended to convert cash to a bank check or pay on line via [MyBGSU](#). Payments will be applied to the oldest balance first. Scholarships, waivers and third-party contracts will apply each semester to designated fees per the terms of the award.

Students' accounts are reviewed frequently. The University has no limitation on how many semesters it may go back for additional fees.

The Board of Trustees reserves the right to make adjustments in fees without advanced notice.

Fees/Policies

All tuition and fees are approved by Bowling Green State University's Board of Trustees and are subject to change, without notice, by action of the Board of Trustees. Per credit hour rates (tuition and fees) are assessed based upon the student's residence classification, campus of program, and class standing. **Non-resident fees equal the instructional fee *plus* the out-of-state surcharge.**

Tuition Rates by Campus

Bowling Green State University offers programs from four "campuses:" Main campus, Firelands campus, eCampus, and Distance Learning campus. Each campus has unique tuition and fee rates.

Beginning spring 2011, and forward, students are assessed tuition and fees based on the campus rate associated with the program where the student is enrolled.

Examples:

1.) Students seeking an associate degree, or who have been admitted into one of the baccalaureate programs at the Firelands Campus, will have FIRE attached to their student record and will be assessed the Firelands tuition rates. Students taking all courses at the Firelands Campus, but who are not enrolled in one of Firelands' programs, will be assessed tuition and fees based upon the campus rates associated with their program.

2.) Distance Learning (billed by the semester) and eCampus (billed by 8 week sessions) refers to programs that are offered entirely on-line. Students enrolled in one of these on-line programs will be assessed at either the Distance Learning tuition rates or the eCampus tuition rates. Students taking all distance learning courses, but who are not in one of the approved distance learning programs, will be assessed tuition and fees based upon the campus rates associated with their approved program (Main Campus or Firelands Campus).

Note: Students within the Community College of the Air Force pursuing the LDT degree, students in the teacher cohorts, and students in the joint Nursing Program with the University of Toledo will continue to be assessed at the approved tuition rate for each of these groups.

All tuition and fees are approved by the University's Board of Trustees. Any questions regarding these rates may be directed to the Office of the Bursar at 419.372.2815.

All university refunds will be issued to the student as the account holder via authorized direct deposit to the bank account of the student's choice (checking or savings) or university check. PLUS loan (parent loan) refunds are issued via university check to the parent who holds the loan account. **Students are encouraged to enroll in direct deposit. It is the safest, fastest, and most efficient method for students to receive their refund. Students can enroll and update their direct deposit information via [MyBGSU](#).**

Financial aid refunds may be available after financial aid processing is completed and enrollment status can be confirmed. Students enrolled in various sessions within a semester may receive refunds in installments after attendance in a registered course has been confirmed.

Title IV Federal Aid recipients who drop below half-time enrollment or withdraw completely from the university may not be entitled to a loan disbursement or a refund of loan funds.

If a Federal Direct Loan recipient drops below half-time enrollment during the expense period covered by the loan, ALL remaining disbursements will be cancelled for that expense period.

Refunds – Higher Education Reauthorization Act Public Law 102-325

The university's refund policy includes provisions to conform to the Higher Education Amendments of 1998 and the "return of Title IV Funds" regulations published on November 1, 1999. If a student receives federal aid or loans and completely withdraws from school during the first 60% of the semester, the portion of a refund allowable to Title IV, HEA programs will be refunded to the Title IV programs based on the percentage of enrollment period at the time the student exits the university.
