

The Recycler

Help us love the Earth
this Month!

Help us recycle waste in Recyclemania!

RecycleMania is a friendly competition among university recycling programs in North America. Campuses compete nationally to recycle the most while also reducing waste by **MINIMIZING THE purchase of NEW, SINGLE USE ITEMS!**

Advantages of Recycling

- Reduce energy consumption
- Reduce global warming and pollution
- Reduce waste in landfills
- Protects the environment

BGSU Recycles...

- Office paper/newspaper, plastic bottles, cardboard (broken down and placed in large orange bins), aluminum, and unbroken glass
 - **NEVER** place food waste, plastic bags, wrappers, paper towels/napkins, cups, straws, utensils, styrofoam, or trash in recycle bins!

See our website for more details!
