

**SALARY LINES FOR FACULTY
IN ADMINISTRATIVE APPOINTMENTS**

Effective 12/07

The Dean shall hold open the regular faculty line of any administrative faculty appointee within the college, such as an associate or assistant dean, for as long as that person serves in an administrative position within the college. When the administrative appointee steps down or vacates the position, whether by resignation, recall, or non-reappointment, he/she will return to the regular faculty using the open line held by the dean.

Faculty administrators returning to the regular faculty will have their merit increases in accordance with the stipend integration policy as amended in December of 2007.
