

Hope you are enjoying the spring semester!

DATES & DEADLINES:

- » **SETGO Summer Research** (SSR) application deadline is March 1. (<http://www.bgsu.edu/setgo/ssr.html>)
- » Application deadline for summer grants through the **Center for Undergraduate Research and Scholarship** (CURS) is March 1. (<http://www.bgsu.edu/offices/curs/page56741.html>)
- » Open registration for **summer classes** at BGSU begins February 18.
- » Application deadline for **McNair Scholars Program** is February 22. Email mcnair@bgsu.edu for an application. (<http://www.bgsu.edu/offices/sa/trio/mcnair/index.html>)
- » University Honors Program is hosting an **Undergraduate Research Symposium**, April 28. Registration deadline for student presenters is March 1. (https://bgsuedhd.qualtrics.coSE/?SID=SV_2uauJL3qNZcneoB)
- » **REU application deadline** at Ohio State's Stone Laboratory is February 22. (<http://stonelab.osu.edu/reu/>)
- » There are hundreds of summer REU opportunities - see <http://www.nsf.gov/crssprgm/reu/>

Interested in summer internships? Visit the Career Center on campus. Talk with your advisor.

Need to build a scientific resume/CV? See the Department website for examples and advice.

Why work in a faculty lab? It is like traveling to Spain to refine your Spanish. You cannot learn about science only from a book or classes. You have to dive in!

Planning to apply to graduate school? Attend Tri-Beta (Biology Honor Society) meeting about applying to grad school, February 21 in room LSC 334 at 6:00 p.m.

Freshmen Floundering? Need some help with study skills? See advisor or Google: BGSU Study Skills.

No one will look out for you if you do not look out for yourself!
SEE YOUR ADVISOR!

Biological Sciences at BGSU – where careers are started!

FEATURED FACULTY:

Dr. Lee Meserve,
Distinguished
Teaching Professor

How many years have you been a professor at BGSU?

This is my 40th year! I'm three years older than the electron microscope at the left.

What is your favorite organism and why?

Rats are my research subjects and I really do like them. Mice, not so much!

What do you like most about BGSU?

No question at all; the people! Especially the students, who keep me young.

What advice do you have for current undergrads?

Take at least one course about which you know absolutely nothing at the start. Do more than the absolute minimum. Get involved!
