

Bucket Truck Inspection Form

Shall be completed by the first person who uses the truck for each work shift. If any defects are found, remove the key, tag the truck out of service and contact your supervisor. Unless otherwise noted, operator is reviewing overall condition, function, and presence of the items below. Fill in the date and operator name using checkmarks or "X's" in the remaining boxes moving vertically. Please keep completed forms on file in the affected department for 3 years + the current year.
