ADVISING INFORMATION FOR MUSIC EDUCATION MAJORS INSTRUMENTAL SPECIALIZATION 2008-2009

GENERAL BULLETIN

All degree requirements are stated in the General Bulletin along with updated versions in the Online Catalog. Students are responsible for knowing these and should consult with the Department's program advisor at least once each semester and when they are uncertain about specific aspects of their program.

APPROVED BG PERSPECTIVE COURSES

Only courses from the approved BG Perspective list may be used to fulfill specific BG Perspective requirements. The approved list appears in the Undergraduate Catalog or is available from the Department's program advisor.

COMMUNICATION

Each student must complete ENG 112 and IPC 102, preferably during the freshman year. A student is considered to have demonstrated acceptable performance in English skills if s/he has received a grade of "C" or better in ENG 112. ENG 112 must be repeated until "C" or better is earned. A grade of "C" or better is also required for IPC 102. See catalog for approved math courses.

ADVISING NOTES*

Psych 101 is a prerequisite to EDFI 302 and may be used as one of the two required Social and Behavioral Sciences electives. EDFI 408, a required professional education course, may remain in that category or be used as a Cultural Diversity elective. MUCT 233, 234 or 235 may be used to fill the International Perspective general education requirement by placing it in the Arts and Humanities category.

MUED DEGREE REQUIREMENTS††

Recital Attendance Six semesters of recital attendance are required for all music majors. Registration is on an S/U basis only. Students must register for Mus 099. Successful completion of the course requires attendance at a minimum of fifteen approved music performances per semester enrolled.

Electives Out of Music Electives Out of Music requirements may include courses from the BG Perspective curriculum or any of the other appropriate subject areas enumerated in the General Bulletin.

Frequency of Course Offerings A number of required courses in music education (MUED) and music composition/history (MUCT) are scheduled only once a year. Students are responsible for consulting the usual sources (General Bulletin, online catalog, program advisor, appropriate department chair, etc.) to learn about the scheduling of these courses. In addition, information is provided during freshmen orientation.

Admittance to MUED 240

While all music education majors should begin the program of study as entering freshmen (pre-music education), formal admittance does not occur until after enrollment in MUED 240, which is generally taken in the sophomore year. Enrollment in MUED 240 is based on the student's academic standing and performance achievement. Specifically, these include:

1. GPA of 2.5;
2. GPA of 3.00 for all courses with a MUED prefix;
3. GPA of 2.5 in MUCT 141 Aural Skills I and MUCT

142 Aural Skills II;

4. GPA of 2.5 for all Music Core courses taken prior to MUED 240;
5. Satisfactory progress in applied study (through regularly scheduled applied juries that determine performance achievement).

Formal Admittance as a Music Education Major

An admission interview to assess the academic progress and readiness of the student to enter the music education program occurs at the end of MUED 240. The music education faculty will review a portfolio submitted by each student, which documents evidence of skill development in the areas of teaching effectiveness, musicianship, critical thinking, and professional dispositions. Students who do not meet the criteria for formal admittance into the music education program may apply for admission into other degree programs within the college (MUSP, MUCT) or the university, or they may pursue the Bachelor of Arts degree in the College of Arts and Sciences.

Admission to the 300 Level Methods Courses in Music

Enrollment in 300 level Methods Courses is based on formal admittance into the Music Education program, the student's academic standing and performance achievement. Specifically, these include; 1. MUED 240; 2. An overall GPA of 2.5; 3. A grade of "C" or better in each course with a MUED prefix; 4. Satisfactory progress in all Music Core courses taken prior to enrollment 5. A "C" or better in Piano Proficiency I; 6. Instrumental majors must have successfully completed two techniques classes and the voice class with a grade of "C" or better.

Keyboard Proficiency Requirements A special handbook outlining all keyboard requirements is available from the Group Piano Coordinator. Choral, classroom, and instrumental music education majors are required to pass Functional Proficiency I, II, and III. Proficiency I is a prerequisite to the 300 level Methods Courses and all piano proficiencies must be completed prior to student teaching.

Student Teaching Students preparing to student teach must apply for student teaching at least two semesters in advance. They must register with the Coordinator of Student Teaching in the College of Musical Arts and the Office of Student Teaching in the College of Education and Human Development (Room 455). *Students may not take an academic course, present recitals, participate in ensembles or take private lessons during student teaching.* Prerequisite music courses for student teaching include successful completion ("C" or better) of MUED 240, the 300 level Methods Courses in Music, and MUSP 306, an "S" in the field component of the 300 level courses in Music, and successful completion of all required Functional Proficiency examinations.
