## Financial Statement

---

This statement must be completed and returned directly to the address indicated above in order to comply with the regulations of the U.S. Immigration and Naturalization Service (INS) and allow us to issue the I-20 or IAP-66. The financial statement is to be signed by the applicant and by the financial guarantor (the person promising to send the amount of money indicated).

### Estimated Expenses

The estimated expenses of a student for one calendar year (12 months) are approximately \$19,000.00 for undergraduates (on campus) and \$19,200.00 for graduate students (off campus). This includes tuition and fees (for academic year—9 months), and room and board, books, reasonable clothing, recreational and incidental expenses (for a calendar year—12 months). INS law requires proof of summer living expenses, whether or not a student stays for the summer.
