

SUPPLY CHAIN MANAGEMENT

SPECIALIZATION IN THE BACHELOR OF
SCIENCE IN BUSINESS ADMINISTRATION

CAREER OPPORTUNITIES:

Supply chains are key for success in every organization, thus supply chain management offers many exciting career opportunities.

Supply chains are the global network of organizations and activities involved in:

Planning: Designing goods and services and their processes. Developing strategies to ensure availability of the employees, materials, and equipment needed to meet customers' requirements.

Sourcing: Purchasing the goods and services needed for an organization's operations. Negotiating and building supplier relationships.

Making: Managing operations and inventory, improving quality and performance, and supervising work teams.

Delivery: Managing logistics including packaging, transportation, facilities, and maintenance. Building and maintaining customer relationships.

Entry level positions are fast-paced and diverse. Supply chain managers work with people and build relationships. Some supply chain careers offer opportunities for extensive travel or work abroad.

YOU WILL LEARN HOW TO:

- Assess supply chain 's contribution to performance
- Evaluate and negotiate with suppliers
- Improve processes using Lean/Six Sigma
- Design and manage logistics systems
- Plan and schedule operations
- Analyze supply chain problems
- Consider ethics and social responsibility

SPECIAL HIGHLIGHTS:

- Most students have jobs by graduation with average starting salaries of \$50,000.
- Over 85% of graduates have had at least one supply chain internship (\$16.60/hour).
- More than 45 companies recruit supply chain talent on campus.
- Employers include companies such as Bendix, CACI, Diebold, Eaton, Honda, John Deere, and Whirlpool.
- Over \$40,000 in department scholarships.

STUDENT ORGANIZATION:

Award winning Supply Chain Management Association (SCMA)

Advisors: Dr. Jan Hartley, jhartle@bgsu.edu

Ms. Karen Eboch, CSCP, eboch@bgsu.edu

SUPPLY CHAIN MANAGEMENT – 21 Hours

A specialization in the
Bachelor of Science in Business Administration
