Russell Sage Foundation Call for Proposals

The program on [Race, Ethnicity, and Immigration](#) seeks investigator-initiated research proposals on the social, economic, and political effects of the changing racial and ethnic composition of the U.S. population, including the transformation of communities and ideas about what it means to be American. We are especially interested in innovative research that examines the roles of race, ethnicity, nativity, and legal status in outcomes for immigrants, U.S.-born racial and ethnic minorities, and native-born whites. Letters of inquiry are due by June 15, 2016.
