BGSU Part-time Computer Science Instructor

The Department of Computer Science at Bowling Green State University has a recurring need for part-time instructors (adjuncts). A master’s degree in computer science or a closely related field is required.

One-semester adjunct positions have start dates in August, 2017, or in January, 2018. The position carries a 3-, 6- or 9-hour load (1, 2 or 3 courses, in the classroom or online). Salary varies with teaching load. Adjunct faculty typically teach freshman computer science courses; specific course assignment will depend on the instructor's credentials. Internal applicants are eligible to apply.

Applications must be emailed by June 19, 2017, and must contain at least the following items: a letter of application, resume or vita, transcripts (official or unofficial) and two letters of reference bearing original signatures and dated within the last year. The letters of reference should specifically address the applicant's teaching strengths. A statement of teaching philosophy and student evaluations (if available) are a welcome addition, but not required. Email attachments should be in Microsoft Word or PDF format. An official transcript, indicating the highest degree attained, will be required at the time of employment. Finalists must consent to a routine background check.

Please submit these items by email to cssearch@bgsu.edu by June 19, 2017. Note that you will be required to confirm your submission before it is accepted for distribution. Problems with the submittal process should be reported to bgcs@bgsu.edu. Detailed information about BGSU and the Department of Computer Science is available starting at http://www.bgsu.edu/arts-and-sciences/computer-science/jobs.

Bowling Green State University is an Affirmative Action/Equal Opportunity Educator and Employer. We are committed to fostering a diverse and inclusive environment and strongly encourage applications from women, minorities, veterans, and individuals with disabilities regardless of age, gender identity, genetic information, religion, or sexual orientation.
