In 1,000 words or less, describe why this person deserves recognition for the "Spirit of BG" Award:

Sue Frost continues to impress me each day with the efforts she displays in her work. While I could write about each of the university's core values in this statement, it is Sue's continuous pursuit of excellence which stand out the most. We work with a variety of different students who maintain high expectations of the programs and services we provide. Sue is constantly serving them to make sure all their expectations are met.

Furthermore, we recently had a well-qualified potential student for our Executive MBA program tell us he has spent the past week calling programs across the state of Ohio. He found Sue was, by far, the most helpful, professional, outgoing, informative and friendly of all of the contact people with whom he had spoken. "She is a Super Star", in his words. This led him to submitting his application and now joining the program.

Sue's hard work helps BGSU achieve its goal in the strategic plan to "Facilitate lifelong learning, critical thinking and personal growth". And she does this all with a smile on her face and continually displaying the Spirit of BG.
