IMPORTANT NOTE: You will not be able to register in ANY CDIS major-only classes until AFTER the term ends during which you finish the pre-major course sequence. There are no exceptions to this policy. Instructions for applying to the major:

1. During the pre-major sequence (1230, 2240, 2250) complete one of the offered speech-hearing screenings. Transfer students who took these classes elsewhere should contact the Speech & Hearing Clinic directly (419-372-2515) to schedule a time to complete this.
2. During the semester you will complete the final pre-major courses, fill out an application to the major and turn it in to Room 200 Health Center. Alternatively, you may email it to swenig@bgsu.edu. The form is available here: <http://www.bgsu.edu/college-of-health-and-human-services/departments-of-communication-sciences-and-disorders/forms.html>
3. **After grades are posted**, your transcript will be checked to see if you met the admissions standards. If so, you will receive a letter confirming that you are accepted into the major, and at that time you may register for classes.
