Position Summary

Manages the turf for the entire campus. Analyzes the needs of the different turf requirements and determines which procedures are necessary to establish quality lawns.

Essential/Primary Duties

– Examine turf needs throughout campus. Takes soil samples. Analyzes and determines which procedures are needed to acquire the desired turf fertility.

– Documents yard guidelines for areas as a whole and areas determined as problems or in need of repair. Surveys campus weekly to adjust any areas of concern and makes determinations to correct the areas.

– Develops proposals and recommendations for needed pesticides, herbicides, and fertilizers.

– Contacts vendors to acquire estimates for proposals and submits for approval. Orders needed materials.

– Applies pesticides, herbicides, and fertilizers according to the label and follows proper rates and guidelines set by the manufacturer. Maintains records of purchases and applications to the property in accordance with State Pesticide Regulations.

– Completes other duties as assigned including snow removal and litter control, trimming, mowing, and weeding.

– Performs mechanical practices to the turf such as dethatching, aerating, and seeding.

– Creates landscape designs and planting list as assigned with proper plantings for location and soil type.
