

Prior Federal Student Loans Discharged Due to Total and Permanent Disability

Student Name

SSN#

This form must be completed by any students wishing to receive federal student aid after having a student loan discharged due to total and permanent disability.

SFA must review all discharged loans and other pending information prior to awarding any federal financial aid.

Please check one of the following statements and return this form to SFA at the address or fax number listed below.

- I am not interested in obtaining Federal Student Loans for my educational expenses for 2008-2009. Please process my financial aid without including student loans.

- I am interested in receiving Federal Student Loans for 2008-2009. The condition which resulted in the cancellation of my prior loans due to total and permanent disability has substantially improved and I am interested in receiving federal student loans and grants to continue my education.

Contact Dawn Vollmar, Assistant Director, Student Financial Aid, to determine what additional steps are necessary to complete your financial aid. You may be required to reaffirm the previously discharged loan in order to receive additional federal student loans.

I understand that processing of my financial aid award can not continue until this form is returned to SFA. I also understand that if I borrow any new federal loan(s), the new loan(s) can not be cancelled based on my present condition (unless my condition substantially deteriorates).
