

Prior Federal Student Loans Discharged Due to Total and Permanent Disability

This form must be completed by any student wishing to receive federal student aid after having a student loan discharged or conditionally discharged due to total and permanent disability. SFA must review all discharged loans and other pending information prior to awarding any federal financial aid.

Student Name_____
SSN#

If you are interested in receiving federal student loans for the 2009-2010 academic school year please see the information below.

If a borrower whose prior loan was discharged due to total and permanent disability wishes to take out another federal loan, he/she must obtain a physician's certification that he/she has the ability to engage in substantial gainful activity and sign the statement below.

1. Please attach a Physician's certification/statement that you have the ability to engage in substantial gainful activity.

*This generally means that you have sufficiently physically recovered to be capable of attending school, successfully completing a program of study, and securing employment in order to repay the new loan you are seeking.

2. By signing below, you are requesting federal loan funds and you are aware that any new federal loan cannot later be discharged for any present impairment unless it deteriorates so that you are again totally and permanently disabled. If your prior loan was conditionally discharged and the conditional period has not elapsed, you are affirming by signing below that collection will resume on the conditionally discharged loan and unless your condition substantially deteriorates, the prior loan cannot be discharged in the future for any impairment present when the conditional discharge was granted or when you requested the new loan.

*Your financial aid will not be processed without the physician's certification to support your request for new federal loans.
