

NOMINATING FORM

Bowling Green State University seeks to recognize the outstanding accomplishments of its alumni through the Best of BGSU Accomplished Graduate Award. The Accomplished Graduate award is established in the belief that the high quality of contributions, whether made through professional practice or through service to the community, reflects positively on the graduate and the University.

At a dinner and awards program in March 2008, the Accomplished Graduate award will be given to alumni representing the various colleges within the University. These individuals graduated at either the undergraduate or graduate level, and have distinguished themselves in their respective professions or through service to their communities while through their efforts exhibit the five core values of Bowling Green State University: respect for one another, cooperation, intellectual and spiritual growth, creative imaginings and pride in a job well done.
