

Hello BGSU Alumni in the Greater San Francisco area,

My name is Brenda Ianiro and I graduated from the College of Education at BGSU in 1970. To some of you, I may sound like a dinosaur, but that's my creative parody. I spent my career as a high school teacher in Ohio, a training & communications manager in private industry, and now a training and organizational consultant for a national laboratory in California. I'd like to share my work experiences, help younger graduates with their career, and meet other BGSU graduates in the Bay Area--it's my way of giving back for my own educational opportunity.

Please contact me if you'd like to become involved in organizing chapter activities, if you have any ideas for this chapter to help current, past, and future BGSU alumni.

Once a Falcon, always a Falcon--having an active chapter gives us opportunities to gather, celebrate being Falcons, network, and support each other.

Please contact me to get involved – I would enjoy hearing from you and knowing the types of events you would be interested in attending. There are currently over 1,100 BGSU alumni residing in this area - plenty of people to make up a good active alumni chapter. I can be reached at ianpen@sbcglobal.net and I do look forward to meeting you at a future alumni chapter event.

Sincerely,
Brenda Ianiro
