

# 100 Years

*BGSU has come a long way from its beginnings as a state normal school in 1910, when livestock judging was held in the basement of what is now Moseley Hall. To mark its 100th birthday in 2010, plans are under way for a yearlong, campuswide celebration with the theme "A Legacy of Excellence, a Future without Limits."*

In the spirit of this defining moment in BGSU's history, the Alumni Association will recognize 100 of its most prominent graduates from the last century. These awards honor individuals who personify the University's tradition as an institution of excellence. Through outstanding achievements and contributions, these individuals bring prestige to the University, the Alumni Association and over 154,000 graduates around the world.

To nominate a BGSU graduate who has provided exceptional leadership or innovation in their profession or community, please complete this form. Additional materials such as a biographical sketch, curriculum vitae, newspaper clippings or other supporting documentation may be included or mailed separately and noted as appropriate. Letters of support are also encouraged.

Recipients of previous awards from BGSU or its colleges are eligible for nomination. Posthumous nominations and self-nominations will be considered. Nominations will be accepted until **June 30, 2009**.
