

## Potential Error Messages for Importing Grades from Blackboard into Faculty Self Service

***Error: unable to find student 0000000000***

The student in the class roster in Blackboard is not in the grade roster in PeopleSoft.

***Error: student 0000000000 already has official grade 'X'***

The student has an official grade in PeopleSoft but is trying to bring one over from Blackboard.

***Error: no grade in Blackboard for student 0000000000***

The student is in the grade roster in PeopleSoft but either there is no grade for this student in Blackboard or the student is not in the class roster in Blackboard.

***Error: invalid grade 'X' for student 0000000000***

The grade entered for the student in Blackboard is not valid for the grading basis in PeopleSoft (i.e. giving a letter grade when the class is S/U only).

***Warning: grade 'X' for student 0000000000 replaced by 'Y'***

The student had an unofficial grade (not yet posted) in PeopleSoft which was overwritten by the grade from Blackboard.
