University Research

Toledo Adolescent Relationships Study NICHD/NIJ Grant 2009
Bowling Green State University

Quantitative and qualitative study that investigates the subjective motives and meanings of relationships during adolescence. Responsibilities included researching theories and research detailing the power dynamics within relationships characterized by intimate partner violence, as well as documenting the association between individuals with high-risk sexual behaviors and exposure to HIV infection.

Marriage Matters Study NSF Grant 2001
Bowling Green State University / Tulane University / Virginia Tech

Longitudinal study of 750 newly married couples in Louisiana that investigated the factors that enhance and strengthen marriages, while also researching the effects/dynamics of covenant marriages. Responsibilities included conducting follow-up phone calls and interviews, tracking couples, and maintaining a database while directing

undergraduate workers and keeping the principle investigators informed of the progress of the study.

Research Papers & Presentations

“Schoolteachers’ Attitudes and Beliefs Regarding Deviance: Explaining and Managing Student Problem Behavior.” Spring 2010
