

GRADUATE PROGRAM CHECKLIST

Name: _____ Last 4 digits of your SSN: _____

The following coursework must be completed to meet eligibility requirements for the Graduate Program in Communication Sciences & Disorders at Bowling Green State University. Please examine your undergraduate transcripts and determine which qualifiers have been met and which classes remain to be taken.

Conversion chart:

1 quarter hour – 2/3 semester hour 3 quarter hours = 2 semester hours
2 quarter hours = 1-1/3 semester hours 4 quarter hours = 2-2/3 semester hours

Minimum of 27 semester credit hours in basic sciences:

- a. at least 6 semester credit hours in biology/physiological sciences and math
- b. at least 6 semester credit hours in behavioral and/or social sciences
- c. at least 15 semester credit hours in basic human communication processes

I. Biology/Physical Sciences and Math

A. Biological/Physical Science (at least one course listing.)

<u>University Listing</u>	<u>Course#</u>	<u>Course Title</u>	<u>Semester Credit Hours</u>
Ex: BIOL	1010	Environment of Life	3

B. Mathematics (at least one course listing.) Note: remedial courses, historical math courses and methodology courses cannot be used to meet this requirement.

<u>University Listing</u>	<u>Course#</u>	<u>Course Title</u>	<u>Semester Credit Hours</u>
---------------------------	----------------	---------------------	----------------------------------

II. Behavioral and/or Social Sciences (at least one course listing.)

Examples: understanding normal/abnormal human behavior; development across life span; social interaction; issues of culturally diverse populations

<u>University Listing</u>	<u>Course#</u>	<u>Course Title</u>	<u>Semester Credit Hours</u>
---------------------------	----------------	---------------------	----------------------------------

III. Basic Human Communication Processes

A. Anatomical and Physiological Bases (at least one course listing.)

Examples: anatomy; neurology; physiology of speech language and hearing mechanisms

<u>University Listing</u>	<u>Course#</u>	<u>Course Title</u>	<u>Semester Credit Hours</u>
---------------------------	----------------	---------------------	----------------------------------

B. Physical and Psychological Bases (at least one course listing.)

Examples: acoustics; physics of sound; phonology; perceptual processes; speech sciences; psychoacoustics

<u>University Listing</u>	<u>Course#</u>	<u>Course Title</u>	<u>Semester Credit Hours</u>
---------------------------	----------------	---------------------	----------------------------------

C. Linguistic and Psycholinguistic Aspects (at least one course listing.)

Examples: linguistic; psychology of language; psycholinguistics; speech and language acquisition

<u>University Listing</u>	<u>Course#</u>	<u>Course Title</u>	<u>Semester Credit Hours</u>
---------------------------	----------------	---------------------	----------------------------------

Minimum of 25 Hours of Supervised Clinical Observation: Yes No

Supervised Clinical Practicum Hours: No Yes; Number of Hours Completed: _____

This area to be completed **only** by BGSU undergraduates:

<u>Undergraduate CDIS Courses</u>	<u>Substitute Course Title/Number</u>	<u>Semester Credit Hours</u>
CDIS 2230 Intro to CDIS (3) _____		
CDIS 2240 Phonetics (3) _____		
CDIS 2250 Lang Acquisition & Dev (3) _____		
CDIS 3010 Anat & Phys of Sp Mech (4) _____		
CDIS 3020 Intro to Hearing Science (4) _____		
CDIS 3110 Artic Dev & Disorders (3) _____		
CDIS 3510 Lang Assessmt & Remed (3) _____		
CDIS 3610 Intro to Diagnostic Aud (3) _____		
CDIS 4010 Clinical Methods (4) _____
