In accordance with federal regulations, financial aid is based on the number of credit hours you are registered for as of the 15th Day Census Date, established by the Office of Registration and Records. Although Student Financial Aid must adhere to these requirements, we realize that there may be cases where certain exceptions should be made. If you have such a situation, please explain why your drop/add activity was not completed by the Census Date. After reviewing your request, we may require additional documentation from an academic advisor, college office, or professor to substantiate your appeal. All appeals will be reviewed on a case-by-case basis.
