

BGSU Leadership Institute

Administrative Staff

2010/2011

Purpose

The BGSU Leadership Institute is intended to augment the development of professionals through increased awareness and skill development that can be used throughout their careers.

Goals

1. To examine critical leadership issues in higher education that are relevant for administrative staff professionals.
2. To increase knowledge of programs and services provided by divisions/units within university.
3. To develop an understanding of cross-divisional collaboration at BGSU through an exposure to organizational structure, strategic plans, budgets, and daily operations.
4. To assess individual leadership styles and develop skills in supervision, mentoring, and cross-campus collaboration.
5. To assess individual management styles and develop management practices in the areas of strategic planning and organizational cultural competence.
6. To develop an individual professional development plan.
