## **A. Student – Full time / Half time**

**Perkins and Selected Institutional Loans** – To receive an in-school deferment, the borrower must be enrolled as a regular student in an eligible institution of higher education or a comparable institution outside the United States approved by the Department for deferment purposes. A regular student is one who is enrolled for the purpose of obtaining a degree or certificate.

**Nursing Loans** – NSL borrowers who have entered repayment may receive additional deferments for up to 10 years for full-time or half-time enrollment in a collegiate nursing school. The program in which the borrower is enrolled must lead to a baccalaureate or a graduate degree in nursing.

## **B. Internship or Residency or Advanced Professional Training**

**Perkins Loans** – only Perkins Loans received prior to 7/1/1993 are eligible for intern or residency deferment

**Institutional Loans** – refer to the individual promissory note for terms and conditions

**Nursing Loans** – pursuing advanced training in nursing or are engaged in training to become a nurse anesthetist. The regulations define advanced training in nursing as full-time or half-time training beyond the borrower's first diploma or degree in nursing. Advanced training must take one year or longer to complete.

## **C. Volunteer Peace Corps**

**Nursing Health Profession and Selected Institutional Loans** – Borrowers who volunteer under the Peace Corps Act are eligible for deferment for up to three years. Such service performed during the grace period does not count as part of the maximum deferment period for which the borrower is eligible, nor does it entitle the borrower to a grace period after the deferment period ends.

## **D. Graduate / Fellowship**

**Perkins Loans** – A borrower enrolled and in attendance as a regular student in a course of study that is part of a graduate fellowship program approved by the Department may defer payments. A borrower is engaged in graduate or postgraduate fellowship-supported study such as a Fulbright grant outside the United States.

**E. Rehabilitation Training Program for Disabled Individuals – (Perkins Loans only)** – A borrower may defer repayment if he or she is enrolled in a course of study that is part of a Department approved rehabilitation-training program for disabled individuals. To receive this deferment the borrower must provide the school with certification that

- the borrower is receiving, or scheduled to receive, rehabilitation training from the agency
- the agency is licensed, approved, certified or otherwise recognized by a State agency responsible for programs in vocational rehabilitation, drug abuse treatment, mental health services, or alcohol abuse treatment; or by the Department of Veteran's Affairs
- the agency provides or will provide the borrower rehabilitation services under a written plan that (1) is individual to meet the borrower's needs; (2) specifies the date that services will end; (3) is structured in a way that requires substantial commitment from the borrower. A substantial commitment from the borrower is a commitment of time and effort that would normally prevent the borrower from holding a full-time job either because of the number of hours that must be devoted to rehabilitation or because of the nature of the rehabilitation

**F. Active Duty in Uniformed Services – Nursing and Institutional Loans** – Borrowers who perform active duty as a member of a uniformed service (Army, Navy, Marine Corps, Air Force, Coast Guard, the National Oceanic and Atmospheric Administration Corps, or the U.S. Public Health Service Commissioned Corps) are eligible for deferment for up to three years.

**G. Active Duty in support of a current military contingency operation – Perkins Loans made after 7/1/2001** - Active duty in support or connection with a war or other military operation or national emergency or performing qualifying National Guard duty during a war or other military operation or national emergency.
