

Division of Finance & Administration

HOLD THE DATE

The Finance & Administration Special Events Committee is pleased to announce our first activity of the 2009-2010 year:

“Change Today” by Tom Champoux

October 7, 2009

101B Olscamp

7:30 a.m. – Social time, Continental Breakfast

8:00-9:30 a.m. – Energizing presentation

Tom, Co-Founder and President of the **Effectiveness Institute**, is a nationally recognized energizing speaker, who challenges long-held myths about leadership and followership. Drawing on over 30 years experience, he believes that teams today must balance the relationship between people skills and technical skills to succeed in today’s fast-paced marketplace. Using humor and anecdotes, the heart of Tom’s work lies in creating an organizational climate built around empowerment and the exchange of trust, respect and dignity.
