BGSU Per Diem Rates Beginning January 1, 2008

*** NOTE: THESE RATES ARE UNCHANGED FROM THE 2007 RATES ***

The following rates are an accurate reflection of the actual costs associated with the care and services provided by the BGSU University Animal Facility. These numbers are to be used when calculating budgets for all grant submissions.

Additional species may be added (including cold blooded vertebrates) at the request of faculty. The University Animal Facility Director will assemble preliminary charges for incorporation into grants.

Monthly invoices will be generated and distributed no later than the 7th of the following month. Budget transfers to cover incurred costs are due by the 15th of each month. Direct grant billing can be arranged and instead of bills, statements will be issued on the 7th of each month.

Yearly re-evaluation of rates will occur in during September. Any rate changes will be instituted on January 1st.

The following rates will be charged per animal per day (Per Diem)

Animals currently housed in University Animal Facilities.

Rat	\$0.24
Mouse	\$0.22
Bird	\$0.25
Rabbit	\$1.51

Rates for animals that have previously been housed in University Animal Facilities.

Xenopus	\$0.29
Chicken	\$1.37
Hamster	\$0.32

All charges were calculated as required by the National Center for Research Resources, (a component of the National Institutes of Health) based on Federal policies related to support of sponsored projects in institutions of higher education and detailed in the [Cost Analysis and Rate Setting Manual](#) for Animal Research Facilities.
