TIPS:

A **complete sentence** must come before a **colon**, but a complete sentence does not have to follow a colon. A colon introduces material that relates to the information before it. To test the need for a colon, think of it as meaning “that is.”

If you are still have questions about **colons**, then refer to your *Scott, Foresman Handbook*. Be sure to practice using the colon in Exercise 40.3.

Make an appointment with the Writing Center by calling 372-2221 or email us at writers@bgsu.edu if you have any more questions about your writing!
