UNIV 1510: Multicultural Success Seminar

This course is linked with the Multicultural Summer Link (summer bridge program) and is designed to promote success among first year students at BGSU by developing or strengthening academic skills and creating opportunities for team building, goal setting, and persistence for reaching goals in a timely manner. In the process, we will embrace and benefit from the diversity that each student brings to the classroom and out-of-class projects to create a holistic and inclusive learning experience. Students will learn how their identities and cultural backgrounds facilitate the development of their own unique paths. This interactive class builds academic skills, cultural competency skills, persistence strategies, and enhances community engagement.

Duration: This is a fifteen-week two-credit course.
