	ENG 3880 or BA 2030	3
	Free Electives	6

Courses required for ATE major and TECH 3890, 4890 credit must be earned from BGSU.

W=waived for associate degree

This degree requires a 36-hour cognate (area of technical and/or applied courses), which typically is transferred from an accredited associate degree. Combined, these technical and/or applied courses must demonstrate proficiency in a recognized, technical area. In the event that there are fewer than 36 hours to complete a cognate, a College of Technology faculty advisor will approve courses to fulfill this requirement.

**These courses may be used to meet University BG Perspective requirements, but hours are only counted once.

***ATE majors must complete the five Professional Core courses and four Program Elective courses selected in consultation with faculty advisor.

Courses taken at a college or university on the quarter system will transfer in fewer hours than the BGSU equivalent. Some students must take additional courses in their degree program to earn the required 123 semester credit hours.

A minimum of 40 hours of credit must be at the 3000 or 4000 level.
