

The Recycler 2024

A Low-Waste Valentine's Day

- Balloons take 450 years to degrade.
- Glitter and small plastic remain as microplastics in the environment.
- 250 million stems of flowers are bought yet almost all end up in the landfill.

Consider These Instead...

- Send an e-card instead of the manufactured store-bought cards.
- Gift an experience instead of a gimmicky gift.
- Give a potted plant or flowers from a local shop.

Educational Table on February 19th (12-2 PM @ Student Union)

- 1) Pizza Four Recycling in Residence Halls...
 - 2) Caught Green Handed in Residence Halls...
 - 3) Games and Prizes to Win in Residence Halls...
- Remember to Follow BGSU Signage and Recycle!*

A friendly competition between college and university sustainability programs across North America to promote waste reduction activities in their campus communities! This February & March, BGSU will compete in three categories to reduce waste, reuse, and recycle!

Campus Race to Zero Waste

The Campus **reStore** at BGSU

The Campus ReStore
February 28th (12-2 PM)

Friday Night Lights
Every Friday (6:30 PM)

If you are interested in volunteering for these events or want more information, please register through BGSU Serves!
