

THE RECYCLER

Campus Sustainability Month 2021

Every October, in celebration of campus sustainability in higher education, colleges and universities organize events to engage and inspire students to become agents of sustainable change.

Sustainability means “meeting the needs of the present without inhibiting the ability of future generations to meet their own needs.”

For all event details, visit the Sustainability Week page on the BGSU Campus Sustainability Website

The Climate Action Plan

The Climate Action Plan is the university’s commitment to be carbon neutral by the year 2040. This will be achieved through the reduction of waste and emissions, resource conservation, and sustainability education, outreach, and awareness.

Join BGSU and millions of other organizations across the world in the conversation about sustainability. BGSU has dedicated an entire week on campus to sustainability.
