Access BGSU Terminology

User delegates a third party access to its own data. This person can then view or perform some actions on behalf of the user.

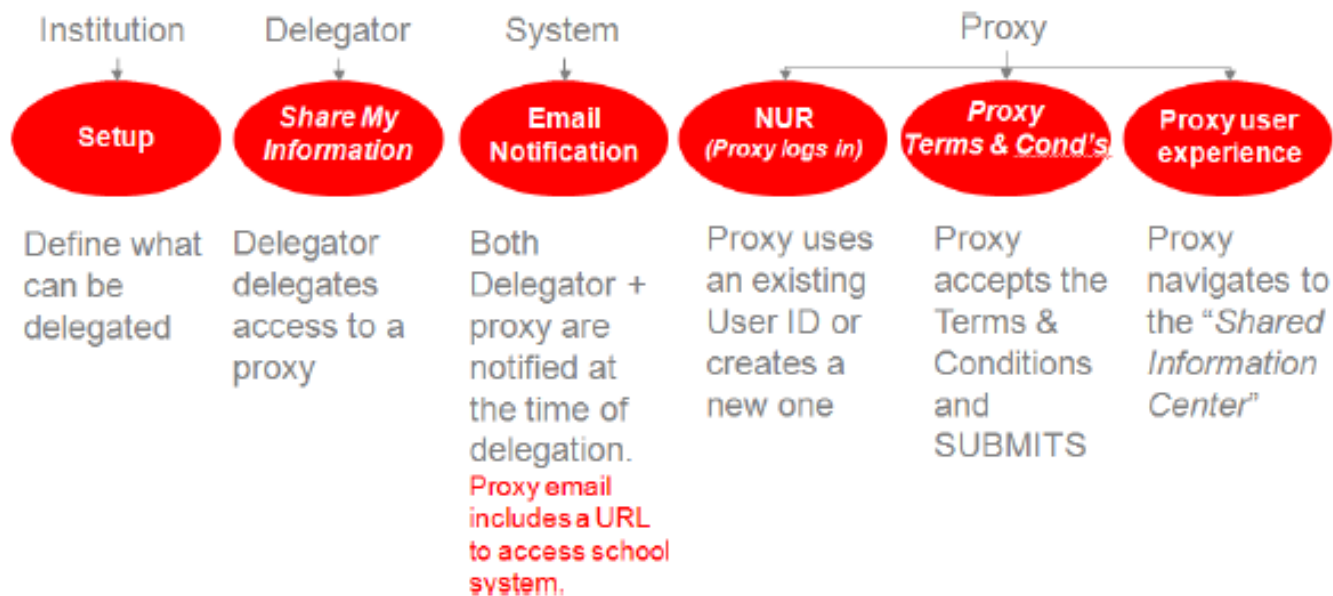

Terminology

- Parental Access ➤ ***Delegated Access***
- Component(s) to delegate ➤ ***Transaction***
- Student ➤ ***Delegator***
- Parent ➤ ***Proxy***

Access BGSU – How Does It Work?

An Overview of the Delegated Access Process

The diagram illustrates an overview of the delegated access process:

Access BGSU Project Deliverables

- PeopleSoft supported Access BGSU implementation
- Access BGSU web site.
- Security changes to support the new process.
- Communication to all users about the process functionality and how that will coordinate with existing CashNet account holders.
- Creation of processes to educate incoming Freshmen and their parents about Access BGSU during the SOAR experience
- Communication plan for relaying project information to Executive Sponsors, Steering Committee members, Functional Areas, and the entire campus as needed.
- Training for the BGSU Administrative Office resources

Access BGSU Project Deliverables

- Social media opportunities for student to become engaged with the Access BGSU process.
- Pilot Group testing utilizing such groups as Student Government membership, students and parents enrolled for tuition fee waivers, representative members of each class and Administrative Office resources assigned to the project.
- Web page(s) representing the destination of the proxy authentication process and any on-line help for navigating the Guess Access pages.
