To all Ohio National Guard and Reserve BGSU students:

In the event that the Ohio National Guard or Reserves are mobilized to aid with natural disasters and you are called to service, BGSU will do everything we can to aid you in exiting and re-entering the University. BGSU has two options available regarding your current enrollment. To select which option is best for your activation, you must contact the Registrar’s office.

Call the Registrar’s Office at 419-372-3843 (A-L) or 419-372-7967 (M-Z) and speak with your certifying official.
Email: vabenefits@bgsu.edu

The two options to select from depending on your type of activation:

1. If activation is of a short duration and you intend to return to complete Fall semester 2017 courses
   a. *Contact NTMSS for assistance in notifying your Instructors and Colleges.
   b. If living On-Campus, Contact Residence Life and let them know of your absence.

2. Withdraw from courses for the semester and return for a later semester
   a. In the event of a withdrawal
      o Your Tuition will be refunded at 100% once your activation orders are received by your certifying official
      o Any money received from the VA will not need to be returned
      o Any money received from the Ohio National Guard Scholarship will need to be returned
      o If living On-Campus, contact Residence Life to make arrangements to move out of the Residence Hall. Room fees will be refunded at 100%. Meal Plan balances will be refunded.

Given the different missions that your unit may be assigned, BGSU will adapt your choice in enrollment should your status change in the future.

If you are activated, before you depart contact Nontraditional and Military Student Services (NTMSS).

Email: NTMSS@BGSU.EDU
Phone: 419-372-8136

*NTMSS will notify your instructors and college office of your activation. Eventually we will need a copy of your activation orders. We understand that you may not receive orders prior to being activated. The University will accept them upon your return.

Should you have any questions, please contact either the Registrar or NTMSS.

BGSU faculty, staff and students thank you for your service and wish you a safe return.
