

FALCON EXPRESS

TRANSFERRING MADE EASY

START AT OWENS FINISH AT BGSU WITH YOUR BACHELOR'S DEGREE

WHAT IS FALCON EXPRESS?

Falcon Express is the opportunity for you to start at Owens, while BGSU closely monitors the classes you are taking to ensure that they transfer. The benefit of this program is you apply to both Owens and BGSU (free application) with the idea that you will start at Owens and then transfer to BGSU to complete your bachelor's after finishing your degree program at Owens. The Falcon Express program makes the transition much easier because BGSU is guiding you on the classes to take.

WHO SHOULD APPLY TO FALCON EXPRESS?

Students who are planning to finish a bachelor's degree at BGSU should apply. However, if you have been a student at BGSU in the past or you are a BGSU student taking Owens classes to transfer back to BGSU you are not able to apply to Falcon Express. If you are a current Owens student, complete the Falcon Express admission form found in your Ozone account. Falcon Express is not for those who want to spend one semester at Owens and then transfer. International students are not eligible.
