What is Fraternity and Sorority Life?

JOINING SOMETHING BIGGER

Members take an oath and pursue a call to action to become part of a larger mission to better their society. Each organization has a philanthropy, performs service, and sets high expectations for its members to display leadership potential in all they do.

BECOMING PART OF THE COMMUNITY

With 38 Organizations making up our 4 councils there is a home for all of our potential new members to find a place where they resonate and can feel belonging for more than just four years; joining is a lifelong commitment.
