

## Supporting Resources

The BGSU ALLIES team acknowledges that allyship has both benefits and costs. If you need support or advice, you can turn to several campus and online resources. Please keep in mind the mandatory reporting rules outlined earlier in this packet and on the Canvas workshop site.

The **BGSU ALLIES team** offers consultations and support for faculty and faculty administrators. We will be holding regular weekly drop-in hours in the ALLIES office (location TBD) or you can contact us at [allies@bgsu.edu](mailto:allies@bgsu.edu) to make an appointment to speak with a team member.

BGSU's **Title IX office** is available to assist you with any concerns about possible gender bias, harassment, discrimination, or misconduct. You can contact Jennifer McCary, the Title IX Coordinator and Chief Diversity and Belonging Officer, at 419-372-8476 or [jmccary@bgsu.edu](mailto:jmccary@bgsu.edu).

If you wish to speak with a confidential resource, you may contact the **BGSU Employee Assistance Program**, the **Wood County Crisis Line**, or a confidential advocate through the **Cocoon Shelter**.

Want to learn more about allyship and bystander intervention? The BGSU ALLIES project has adapted work done at two previous NSF-ADVANCE-funded institutions, North Dakota State University and Florida International University. For more information, tips, reference lists, and websites, visit their websites:

**North Dakota State University's FORWARD: Advocates & Allies Program**
