Frequently Asked Questions

When do most students study abroad?
It is most common to submit an application for study abroad when students are considered sophomores (30-59 credit hours completed), so that they may go as juniors (60-89 hours completed). However, there is a new winter session option, which we encourage first year students to apply for to attend in their sophomore year. This three week winter session can used as a stepping stone to pursue longer term study abroad options in a student’s junior year.

Planning Guide

Freshman year (0-30 credit hours) – Students may begin researching programs for the future. We recommend looking into the winter session program for their sophomore year. Students should attend information sessions and meet with the College of Business Education Abroad Advisor.

Sophomore year (31-60 credit hours) – Students can spend winter break or summer session abroad. Students may also consider participating in a faculty-led program for their junior year. Student should attend information sessions and meet with the College of Business Education Abroad Advisor.

Junior year (61-90 credit hours) – Students can spend a semester, year, winter, or summer session abroad. Student should attend information sessions and meet with the College of Business Education Abroad Advisor.

Senior year (90+ credit hours) – Students may participate in a short-term-faculty-led program or the three-week winter session. Studying abroad in your final semester may be possible however it requires precise planning and may delay graduation.

Do students studying abroad still graduate on time?
Yes! The College of Business Exchange Programs allow you to earn College of Business credit while progressing toward graduation. The earlier you speak to an Education Abroad advisor about wanting to go abroad, the sooner we can plan out the ideal time in your schedule.

Can I use Financial Aid to study abroad?
Yes. A student who is enrolled in an approved study abroad program for credit can be eligible for federal, state, and some institutional aid. Loans generally require a student to be enrolled for at least half time for their program and/or other hours in addition to. Check out the Financial Aid FAQ for more information.

Do I need to speak a foreign language to study abroad?
No. The College of Business Exchange Programs offer all business courses in English. Semester and academic year programs may allow qualified students with demonstrated language proficiency to choose from regular university course offerings at the overseas institution.

Do I need to have a certain grade point average to study abroad?
Our study abroad programs do have GPA requirements. The GPA requirement will vary depending on the program however most of our programs require a cumulative GPA of 2.5 or above. GPA requirements are listed on the top of the program brochure page. If you do not meet the minimum GPA, you can talk to the education abroad advisor for more information regarding next steps.

Can I travel before, after, or during the program?
Yes, students can chose to travel before or after their program. Many students will take the opportunity to travel during their program as it does not conflict with courses.

Can I talk to other College of Business students who have studied abroad?
Absolutely! At any time, feel free to contact the Education Abroad Advisor who can put you in touch with students who have returned from study abroad. If you have a specific program you have in mind, let the education abroad advisor know. The returned students enjoy talking about their experiences with prospective study abroad students and can offer great advice on how to prepare for your own educational experiences abroad. They can also discuss topics such as traveling, living abroad, and what it is like to be immersed in a different culture.

When are applications due?
