419-372-6962

BIO: David Dobrzykowski is an Associate Professor and Director of the Supply Chain Management Institute at Bowling Green State University. He previously earned tenure and the rank of Associate Professor in the Department of Supply Chain Management at Rutgers University where he was the Founding Director of the Masters of Science program in Healthcare Services Management. His research investigates information processing and the coordination of work in supply chains, primarily in healthcare and regulated industries. His research has appeared in Journal of Operations Management, Decision Sciences Journal, and Journal of Supply Chain Management among others and has been recognized with several journal and conference awards including the 2017 Decision Sciences Journal Best Paper Award. He serves as Department Editor for Healthcare and Service Operations for Decision Sciences Journal, an Associate Editor for Journal of Operations Management, an Editorial Review Board member for Journal of Supply Chain Management, and is an Academic Scholar at Cornell's Institute for Healthy Futures. Prior to his Ph.D., Dr. Dobrzykowski enjoyed a 13-year career as an executive, serving in Chief Executive Officer and Vice President roles in the provider and insurance verticals of the healthcare sector, working for organizations like BIDON Companies, Corporate One Benefits, Mercy Health and UnitedHealthcare.
