Springtime is Here!

Spring is the season during which the natural world revives and reinvigorates after the colder winter months. During spring, dormant plants begin to grow again, new seedlings sprout out of the ground and hibernating animals awake.

Celebrate the 53rd Earth Day, April 22nd!

10 Things you can do during Earth Month:

- Hang bird seed ornaments
- Build an insect hotel
- Teach others how to properly recycle
- Clean up plastic in your neighborhood or local park
- Plant a tree
- Learn how to compost
- Upcycle plastic and metal
- Visit the farmers market
- Build a butterfly and bee garden
- **Connect with nature!**

Earth Week Events at BGSU

For more information, visit us at: bgsu.edu/campus-sustainability

Interested in volunteering with Campus Sustainability? Sign up on BGSUServes!

Be on the lookout for **WYMO** Donation boxes in residence halls, Greek Townhouses, Union Lobby and Market starting April 10th!

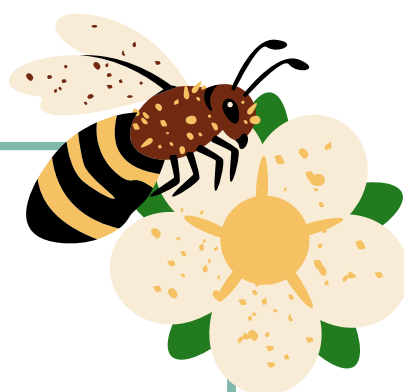

Donate all still usable items!

WYMO = When You Move Out, Don't Throw It Out!

Earth Day Joke

Q: Can bees fly in the rain?

A: Not without their yellow jackets!
