“Chasing Ice” looks at the changing of glaciers over many years due to global climate change. Tuesday April 22 at 7pm BTSU Theatre.

“If A Tree Falls” discusses the rise and fall of Earth Liberation Front (ELF) and how the U.S. views and defines activism and environmentalism. Wednesday April 23 at 7pm BTSU Theatre.

“Dirt” presents the current state of organic matter, and the history that lead up to it. Thursday April 24 at 7:00pm BTSU Theatre.

For a full schedule of Earth Week, check out bgsu.edu/offices/sustainability and www.communityearthday.com for city events.

Don't miss the Eco-Fair!!

Wed. April 23 11am-3 pm Union Oval

Check out the variety of environmentally related initiatives, learn about current issues, and meet/connect with those

History of Earth Day

Earth Day began on April 22, 1970. Senator Gaylord Nelson created Earth Day as a way to push environmental issues onto the congressional agenda. It focused on college campuses in order to reach as many students as possible.
