* Students taking AHTH 1320 instead of CHEM 1090/1100 will need to obtain a BG Perspective Elective (3).

** Students taking BIOL 3310, 3320 instead of technical options will also need to take the prerequisite.

*** AHTH 1400 is part of the pre-professional course requirements for students enrolled at LCCC.

For students enrolled in coursework on the Huron campus AHTH is part of the professional (second year) requirements.

Admission:

Students interested in the respiratory care technology degree program must make formal application.

Students must meet the following criteria for consideration:

1. Be formally admitted to BGSU;
2. Be a graduate of an accredited high school and have attained an overall GPA of 2.0 on a 4 point scale in high school or, have earned the GED;
3. Submit a program application to the academic adviser (Ms. Robin Garland for LCCC campus-based students; Mr. Rod Roark for Firelands campus-based students). Applications are due by April 1 for Fall admission;
4. Complete prerequisites (Pre-professional requirements) with a grade of "C" or higher in all AHTH, BIOL, and CHEM coursework (or equivalent coursework if transferring from another accredited institution);
5. Maintain a cumulative GPA of 2.5 or higher on a 4 point scale for all college/university coursework;
6. Complete a hospital/medical center tour of a respiratory or cardiopulmonary services department and submit the observation verification form to the academic adviser;
7. Complete an interview with the respiratory care admissions committee. Note: Admission decisions and notifications are made by June 1 for fall admission. All admissions are subject to approval by the respiratory care admissions committee.

Program Progression:

After gaining admittance into the degree program, students must continue to meet the following standards to progress:

1. Maintain a cumulative GPA of 2.5 or higher;
2. Maintain a grade of "C" or higher in all RESP coursework;
3. Successfully complete (pass according to National Board for Respiratory Care "cut scores") the following NBRESP/AMP self assessment examinations prior to graduation. Entry Level Exam, Advanced Practitioner Exam (RRT Written) (see Directed Practice Syllabi);
4. Comply with all program policies and procedures.

Clinical Admission:

To be admitted to the clinical portion of the degree program, students must meet the following requirements:

1. Have a cumulative GPA of 2.5 or higher on a 4 point scale;
2. Have a "C" or higher in all RESP, AHTH, CHEM, and BIOL coursework;
3. Obtain and provide documentation for all required health work, including a physical examination, lab work, and immunizations according to clinical policy (see RESP policy and procedure manual);
4. Obtain group professional liability insurance (\$1,000,000/\$3,000,000). Applications are available from the office of the Coordinator of Career Services at BGSU Firelands College. Students must also submit documentation of auto liability insurance coverage (for driving to and from clinical assignments)
5. Meet all clinical policy requirements as stated in the Respiratory Care Clinical Policy and Procedure manual (e.g. Physical Requirements Policy);
6. Complete a criminal background check.
