

## Aviation Studies

### Airport Systems and Operations (ASO)

#### Minor Checksheet Spring 2019

The Aviation Studies program within the Department of Engineering Technology offers an undergraduate minor called Airport Systems and Operations (ASO). The minor requires a minimum of 21 earned credit hours. Within the minor, the following four (4) courses are required core courses.

- \_\_\_\_\_ AERT 3480 Airport Operations
- \_\_\_\_\_ AERT 3820 Airport Operational Plans
- \_\_\_\_\_ AERT 4350 Airport Administration
- \_\_\_\_\_ AERT 4600 Safety Management Systems

A minimum of three (3) additional courses are required for the minor. Eligible courses are the following:

- \_\_\_\_\_ AERT 2150 Aviation Ground Operations
- \_\_\_\_\_ AERT 2240 Air Traffic Control
- \_\_\_\_\_ AERT 3000 Air Transportation
- \_\_\_\_\_ AERT 3490 Aviation Law
- \_\_\_\_\_ AERT 3540 Aviation Management
- \_\_\_\_\_ AERT 4560 Airport Planning and Design

The minor is available to non-AVS majors, or to AVS majors in the FTO specialization. It is not available to students in the AMO or ATM specializations.
