BCI/FBI

All teacher education majors are required to have a current and valid BCI/FBI check sent to the Office of Educator Preparation and Partnership (OEEP) each year. It is best that these are completed at the end of the Spring semester each year to be valid for the entire school year. Use the following address:

Office of Educator Preparation and Partnership
ATTN: Michelle Fry
101 Education Building
Bowling Green, Ohio 43403

For the Professional Year (ARTE 4520 and ARTE 4920/4970), a valid BCI/FBI check will be required to extend through the entire academic year and is due no later than July 1st to be eligible.

Measure of Academic Proficiency

As part of our licensure and accreditation requirements, BGSU must document each teacher candidate's academic proficiency on a nationally-normed achievement measure. To successfully transition from pre-major to major in Art Education, all teacher candidates will need to pass the School of Art Portfolio Review and have evidence of academic proficiency in each category (you can use test scores from different test types, i.e. Reading and Math from ACT and writing from Praxis CORE).

Please note that the change in status (pre-major to major) is based on enrollment capacity and candidates' qualifications across several criteria, including Measures of Academic Proficiency. Consequently, the Target Minimum Scores (listed below) are used as guidelines in final decisions about program admissions; scores above the Target Minimum Score will strengthen candidates' application, but candidates with scores below the Target Minimum Score also may be considered for program admission based on faculty review of all criteria.

Reading

Test Name	Target Minimum Score
ACT-Reading	21
SAT-Reading	540
PRAXIS Core-Reading	168

Math

Test Name	Target Minimum Score
ACT-Math	21
SAT-Math	532
PRAXIS Core-Math	162

Writing

Test Name	Target Minimum Score
ACT-Writing	6
SAT-Writing	5
PRAXIS Core-Writing	165

Dispositions

Professional Dispositions are the personal attitudes, values, beliefs, ethics, and actions that create a teaching and learning environment of trust. They promote growth on campus and in school and community settings. Dispositions influences how others, including students, peers, colleagues, instructors, staff, supervisors, and community members, perceive and respond to candidates. Dispositions will be assessed and remediated as needed throughout a teacher candidate's program of study.
