Primary Election: May 7, 2019
General Election: November 5, 2019
You are eligible to vote:

• if you are a citizen of the United States and a resident of Ohio at least 30 days before the election;
• in a primary and general election if you are 18 years of age by the day of the general election;
• and if you registered to vote at least 30 days before the election.

Also
• If you moved or changed your name and did not update your voter registration, you can still vote a provisional ballot in the precinct where you now live. When your registration is verified, your vote will be counted.
• All voters must bring acceptable identification to the polls in order to verify their identity such as an unexpired Ohio driver’s license or state identification card with present or former address, so long as the voter’s present residential address is printed in the official list of registered voters of that precinct. Other acceptable identification includes military identification, an unexpired photo identification issued by the US government that contains the voter’s name and current address, or a current (within the last 12 months) utility bill (including cell phone bill), bank statement, government check, paycheck or other government (including college or university) document that shows the voter’s name and current address. A voter registration notification mailed by the Board of Elections does not apply to the above identification requirements.

For more information about registration and voting procedures:
