

Transition into Adulthood Study (TA), 2007

A Panel Study of Income Dynamics (PSID) Supplement

Incarceration

Variable Notes

- 1 These data ask respondents experiencing multiple instances of contact with the criminal justice system (CJS) about the age at both the first and last point of contact. The unweighted descriptive statistics presented here only refer to the first instance of contact with the CJS.
- 2 These data ask respondents experiencing multiple instances of contact with the criminal justice system (CJS) about the nature of their first and last offense. The unweighted frequencies presented here only refer to the first instance of contact with the CJS.
