

National Survey of Family Growth

Cycle 6, 2002

Religion & Spirituality

Variable Notes

- 1** The variable RELIGION was recoded from the variable RELCURR, with responses being collapsed.
 - 2** This question was asked in the questionnaire, but an exact corresponding variable (and subsequent unweighted frequencies) is unavailable in the public-use data file.

Information from this question was used to generate constructed variables on religion.
 - 3** A female pregnancy file was also compiled, consisting of one record per pregnancy for all female respondents having experienced pregnancy.
-

This project was supported with a grant from the U.S. Department of Health and Human Services, Office of the Assistant Secretary for Planning and Evaluation, grant number 5 UOI AE000001-04. The opinions and conclusions expressed herein are solely those of the author(s) and should not be construed as representing the opinions or policy of any agency of the Federal government.
