Overview

The Certificate in German for Professionals and Educators is designed to develop professional-grade German language skills, deepen cultural knowledge of the German world, and acquire advanced intercultural competence. The program includes an international component (summer or one semester study in Salzburg). High school teachers may add an additional 3-credit-hours course to fulfill Ohio’s College Credit Plus requirements.

The certificate program builds on the international expertise offered by BGSU. It includes a summer study-abroad component (3 or 6 weeks, may be repeated). Summer component coupled with evening and distance courses allow candidates to ascertain the certificate without interruption to their existing careers.

While the certificate program offers an alternative to the M.A. in German, credits earned for the Certificate can also be used as part of the M.A. program.

Learning outcomes

Students who complete the Certificate in German for Professionals and Educators will attain “Advanced Low” or higher (following ACTFL guidelines) proficiency in German. They will also be able to apply cultural knowledge of the German-speaking world in personal contexts.

The program also trains students to utilize advanced intercultural competence—compare and assess cultural similarities and differences between North Americans and Central Europeans. Students will be able to demonstrate the ability to interact in professional contexts with Central Europeans, as well as navigate and analyze daily life traveling and living in Europe.

Program strength and uniqueness

- Experienced professors and teachers with expertise in language pedagogy, intercultural competency, and the humanities.
- Flexibility of the program, allowing professionals to complete the certificate within one year.
- Study abroad component: spend the summer learning in one of the most beautiful cities of Europe.
- Linguistic and cultural immersion component in Salzburg, Austria.
- Unique program not offered by any of BGSU’s peer institutions in Ohio.
- Preparation for a globalized world with increasing demand for proficiency in a foreign language and intercultural competence.

Professional opportunities

The certificate addresses the need of professionals working for businesses or organizations with ties to a German speaking country. The EU remains the 2nd largest trading partner of Ohio (after Canada). Germany, Austria and Switzerland have powerful economies (in export numbers rivaling China) and many connections to Ohio.

The certificate is also ideal for teachers of German at high schools who have to take graduate-level courses for certification. High school teachers may add an additional 3-credit-hours course to fulfill Ohio’s College Credit Plus requirements.

**Admission requirements**

The program strongly recommends that applicants have a minimum 2.7/4.0 undergraduate grade point average (GPA). Applicants are required to submit scanned copies of official transcripts from all colleges and universities attended. Upon admission, final official transcripts from each degree granting institution must be submitted. The GRE is not required for admission to BGSU certificate programs.

All applicants must submit two letters of recommendation and a statement of purpose (2-3 pages) outlining their experience with German, their professional goals and the research interests they wish to pursue.

International applicants are also required to submit scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS).
