### **PAA Needs Your Creative Ideas**

PAA is asking for help in identifying ideas for expanding its activities. Ideas can range from one-time projects costing a few thousand dollars to more ambitious and permanent programs. A small grants program, a new journal, travel exchanges with other associations, modifications to the annual conference - no idea is excluded at this stage. Costs are much less important at this point than the ideas behind them. Please email your suggestions in memo form as attachments to Stephanie Dudley, [stephanie@popassoc.org](mailto:stephanie@popassoc.org).

### **Add Health Users Conference Reminder**

Two important deadlines for attendees to keep in mind: June 22 is the cutoff date for securing a hotel room at a reduced rate; June 30 is the deadline for online [conference registration](#). The Add Health Users Conference will be held July 24-25, 2008, in the Natcher Conference Center on the main campus of the National Institutes of Health (NIH), Bethesda, Maryland.
